What is PDK and how to access PDK?

PDK enables users to access digital geographical data via official PDK webservices.

About 250 web services (aimed at digital mapping) are available to the general public, private companies, organisations and the public sector.

The use of PDK is free. This website explains how to use PDK products and services. Not all parts of this website are fully up-to-date.

PDK Viewer

The PDK Viewer demonstrates PDK services.

National Georegister

Search the Metadata in the National Georegister directly.

PDK Kaart

Create your own map directly with the PDK Kaart Wizard.
