

## **Committee of Experts on Global Geospatial Information Management**

### **Tenth session**

New York, 26- 27 August 2020 and 4 September 2020

Item 5 of the agenda

### **Integrated Geospatial Information Framework (for discussion and decision)**

<i>Statement provided by:</i> Spain	
<i>Statement:</i> <p>Spain welcomes the report and thanks the UN-GGIM secretariat and the World Bank for the development of the Integrated Geospatial Information Framework, as a key tool for the improvement of the national geospatial infrastructure to foster the strategic agreements across the different levels of the public administrations and sector, within the geospatial and geographic communities, together with other digital actors for the sustainable developments, such as statistical and environmental stakeholders and users. In that line, Spain also agrees and supports the statement of the Regional Committee UN-GGIM: Europe.</p> <p>In addition, Spain supports the establishment of a dedicated high-level group of experts on integrated geospatial information management and offers its participation in the high-level group.</p>
