

Committee of Experts on Global Geospatial Information Management

Tenth session

New York, 26- 27 August 2020 and 4 September 2020

Item 12 of the agenda

Legal and policy frameworks, including issues related to authoritative data (for discussion and decision)

<i>Statement provided by:</i> MEXICO	
<i>Statement:</i> We take note of the report from the Working Group on Legal and policy frameworks, and acknowledge the need for having a well supported legal and policy framework that supports the production, dissemination and use of geospatial information. In Mexico, the INEGI is supported by the National Statistical and Geographical Information System Law, so it acts as an information producer and also coordinates and integrates statistical and geographical information produced by other Federal, State and Municipal Agencies. Mexico INEGI (Rodolfo Orozco Gálvez)
