

Committee of Experts on Global Geospatial Information Management

Tenth session

New York, 26- 27 August 2020 and 4 September 2020

Item 4 of the agenda

Contribution of regional committees and thematic groups to the global geospatial information agenda (for information)

<i>Statement provided by:</i> Kingdom of Saudi Arabia	
<i>Statement:</i> We would like to extend our appreciation to all regional committees and thematic groups for their work towards the realization of the UN-GGIM's vision, which states "to make accurate, reliable and reference geospatial information immediately available and ready to support national, regional and global development." The outputs of the regional committees and the thematic groups are a vital source of knowledge for decision making. We encourage all the regional committees and the thematic groups to continue advancing their work because of the potential impact that they may have in addressing some of the major challenges facing the society.
