

Committee of Experts on Global Geospatial Information Management

Tenth session

New York, 26- 27 August 2020 and 4 September 2020

Item 5 of the agenda

Integrated Geospatial Information Framework (for discussion and decision)

<i>Statement provided by:</i> World Geospatial Industry Council	
<i>Statement:</i> The World Geospatial Industry Council (WGIC) wishes to congratulate the UN-GGIM on the completion of the IGIF Implementation Guide, which represents a significant contribution to geospatial information management, and encourages it to continue making available resource materials and support for the successful preparation and implementation of the country-level plans (Part 3), in particular for developing countries. Only then will the IGIF achieve its ultimate objective. The WGIC expresses its interest in continuing to support this work, including the current work by being done by WGIC on Public-Private-Partnerships.
