Expert Group on Land Administration and Management

IHO
UN-Habitat/GLTN
FAO

World Bank
UN/UNEP-WPLA

UN-GGIM: Private Sector Network
(OGC, Esri, Hexagon Geosystems)

UN-GGIM: Academic Network

UN-GGIM: Geospatial Societies
(FIG)

other Members
Moderator:
Mr. Kees de Zeeuw, Kadaster International, The Netherlands

Introduction
Ms. Eva-Maria Unger, Kadaster International, Austria

Panelists:
Ms. Macarena Perez Garcia, SNIT - IDE de Chile
Ms. Rosy Liao, China Land Surveying and Planning Institute
Ms. Christina Wasström & Mr. Christopher Body, ISO/TC-211
Mr. Dieter Fritsch, UN-GGIM Private Sector Network/Hexagon Geosystem

Moderated interactions with participants and presenters (30 minutes)
Strategic Partnership for Sustainable Land Administration
LA to have its desired impact for all, including the marginalised and vulnerable, requires dynamic, inclusive and energetic partnership.

**Strategic partnership** is fundamental to support sustainable land administration, and to achieve the goals of the global development agendas, including the 2030 Agenda for Sustainable Development...
Framework for Sustainable Land Administration
A reference for developing and strengthening Land Administration Systems

1. Part - High Level
   with vision statement, goals, objectives and/or expected outcomes

2. Part - Components
   or pillars of the framework based on the requirements that lead to give access to a knowledge base and then leading to a series of priority actions and partnerships

Content of the document approximately 15 pages in 2 parts plus schematic diagram
Framework for Sustainable Land Administration
A reference for developing and strengthening Land Administration Systems

6 Pillars as the basis of the Framework?

- Responsible Governance
- Concept of the Continuum
- Fit-For-Purpose Land Administration
- Finance
- Assessment and Monitoring
- Capacity and Partnership
**Strategic Partnership** - institutions, organisations and member states to work together to achieve measurable results by e.g. focusing on:

**Capacity**

support and empower local capacity for implementation purposes and maintenance

**Finance**

Mobilise and coordinate better finance from all sources (governments, financial institutions, private investors, and development bank)

**Data**

Improving national LA systems and enhancing digital data capacities to improve implementation and maximise sustainable development
Strengthen collaboration at regional, national and global level

Promote joint action and investments to improve LA systems, data sharing and build capacity

Expand partnerships in land policy development and advocacy

Facilitate joint analysis and assessments, and program design and delivery by applying standards
Purpose

Document all people - land relationship in earthquake affected area, with the aim to facilitate access to reconstruction grant and test FFP approach.

:: Strategic Partnership for Sustainable Land Administration through
local and national Survey Office,
local NGO (HURADEC),
other international organisation (UN-Habitat/GLTN, Red Cross…)

NEPAL
Purpose

Determination of existing rights (use rights) in Post-Conflict area using FFP approach

:: Strategic Partnership for Sustainable Land Administration through
   national government ANT, IGAC, SNR
   local NGO CINCHI
   other international organisation World Bank
Purpose

Support the Indonesian authorities to accelerate land registration in Indonesia using FFP approach.

:: Strategic Partnership for Sustainable Land Administration through local and national Survey Office (BPN), local NGO (JKPP), other international organisation, universities.

INDONESIA
Strategic Partnership for Sustainable Land Administration

1. **What** opportunities for partnerships are there?

2. **What** is needed at global level to make partnerships work?

3. **What** has not been captured, yet?
Next Meeting Opportunities
Expert Group Meeting
2 August 2018, 08:00 - 10:00 during 8th Session (CR-11), US

International Seminar and Expert Group Meeting
26 – 29 September 2018 in Deqing, China
