UN-GGIM3/Cambridge Conference July 2013

A unique opportunity to obtain an insight into China's developments in geospatial data

On Friday 26 July 2013, the Chinese delegation are hosting a presentation entitled: *Sharing experience for common development*. This will take place in the Corn Exchange following the close of the UN–GGIM3 session.

All participants of the UN-GGIM3 and Cambridge Conference 2013 are welcome to attend.

The following five short presentations will be given:

- **Geospatial Resources Development in China**
  Dr. LI Pengde, Deputy Administrator, National Administration of Surveying, Mapping and Geoinformation of China

- **National Geographic Monitoring and Analysis Program of China**
  Mr. XU Yanying, Chief Engineer, National Administration of Surveying, Mapping and Geoinformation of China

- **Global Land Cover Mapping at 30 Meters: China's Methodology and Results**
  Prof. CHEN Jun, Chief Scientist, National Geomatics Center of China

- **China GNSS and LBS Industry with the Beidou System**
  Mr. FAN Jingsheng, Deputy Secretary General, GNSS and LBS Association of China

- **Innovation and Application of GIS in China**
  Dr. WANG Kanghong, Director of Board, China Association for GIS Industry; Vice President, SuperMap Software Co., Ltd

This is a unique opportunity to obtain an insight into China's progress in geospatial information management, including current developments and anticipated activities for the future.

Following the presentations, delegates will make their way to St Catherine's College, Cambridge (just a short distance from the Corn Exchange), where, in its beautiful surroundings, our Chinese hosts will kindly provide a drinks reception followed by dinner.
