

ISO/TC 211 approved unanimously the following resolution during the 33rd plenary last month in Pretoria, South Africa:

Resolution 576 Contribution to the UN Committee of Experts on Global Geospatial Information Management (UNCE-GGIM)

ISO/TC 211 strongly supports the UN-GGIM initiative and offers to contribute to the activities of the UN Committee of Experts on Global Geospatial Information Management.

ISO/TC 211 confirms its willingness to contribute to the UNCE-GGIM report to the Rio + 20 - United Nations Conference on Sustainable Development.

ISO/TC 211 invites the UNCE-GGIM to become an ISO/TC 211 Category A liaison to influence and benefit from the ISO/TC 211 work
