

**Image data from anywhere at any time**

## Ownership of DigitalGlobe Image Data

- Ownership stays with DigitalGlobe !
- You pay for the utilisation right
- SPC purchases single user license
- Fiji Government upgraded to multi user license

**SPC purchases 8 band bundle for USD 10.50 / Km<sup>2</sup> -----► Copy right control !**

## Radar Data Reseller for JAXA

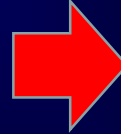

**Copy right applies**

## Medium Resolution Data

- **Landsat**
- **SPOT**
- **Sentinel (optical)**
- **THEOS**
- **ALOS (optical)**
- **Sentinel (radar)**
- **Airbus / Infoterra radar**
- **[ Skymap, Rapid Eye, .... ]**

**No internal restriction**

## Data Products

- **Pre-Processed image data**
- **DTM from stereo image data**
- **Forest cover, mangrove cover, coconut palm cover**
- **Forest change detection layers**

**Normally no restrictions, discussion with client who ordered the data**

## Some Discussion Points:

- Metadata is essential however, we do not really have it
- Vegetation is a moving target, if you copy your data you get a snapshot
- Nearly all vegetation cover data is raster

**Thanks**
