Use Case– Next Steps

Working Group on Legal and Policy Frameworks for Geospatial Information

Overview of Results

- Responses from seven (7) countries
- Waiting to hear from several others
- Most responses from countries with developed legal systems and active geospatial community.

Preliminary Results

- Countries are dealing with similar issues
- Differences on how they deal with them
- Sector specific alwsa nd regulatiosn are particularly challenging
  - Satellites
  - Drones
  - Surveying and mapping

Outputs

- Presentations
  - Government
  - Industry
  - Legal communities
- Written Reports
  - Summary
  - Analysis

Next Steps

- Table Top Exercise?
- More countries?
- Bring in industry?
- Other fact patterns
  -
