

Working Group on Marine Geospatial Information Capacity Development

March 7-9

Busan, Korea

UN-GGIM

United Nations Committee of Experts on
Global Geospatial Information Management

Working Group on
Marine Geospatial Information

Positioning geospatial information to address global challenges

ggim.un.org

Terms of Reference Reminder

Support the Committee of Experts in the development of norms, principles, guides and standards to increase significantly the availability of high-quality, timely and reliable geospatial information including any regional capacity development initiatives.

Notes from Chile

The UN Working Group on Marine Geospatial Information to consider the existence of the IHO MSDIWG, and agree on concrete actions to avoid duplication

- Work a joint syllabus for CB training course and adopt as a common programme
- Jointly identify opportunities to deliver CB training courses, trainers and participants
- Jointly make an extensive use of their networks to ensure a wider access to CB opportunities.

Examples

Italy Hydrographic Office Development – Lebanon

CB training courses

Publication Spatial Data Infrastructures "The Marine Dimension", aimed at offering Guidance for Hydrographic Offices

Thank You
