Please find below information on the three travel lanes to enter Singapore accurate as of 04 March 2022.

Air Travel Pass, Vaccinated Travel Lane (Air), and Alternative Entry is to be arranged. Meeting and International Seminar attendees from countries that are not eligible for Air Travel Pass, Vaccinated Travel Lane (Air) may contact MPA Singapore to arrange for an alternative entry.

To ensure a safe meeting, prevailing local government measures related to the coronavirus disease (COVID-19) pandemic at the time of the meeting shall apply. This may include requirements for pre-departure negative result of a PCR or an Antigen Rapid Test as well as On-Arrival negative result of an Antigen Rapid Test. Access to the meeting and International Seminar venue is also subject to prevailing local government measures and may only be possible with a valid COVID-19 certificate of full vaccination.

Attendees are to obtain entry visa (if applicable), purchase travel insurance, secure a self-isolation accommodation, download the Trace-together application, and submit their Health Declaration and Digital Vaccination Certificate before departing for Singapore. Please refer to the tables and links below for more details.

**Summary of Methods of Travel into Singapore as of 04 March 2022:**

1. All are to be fully vaccinated regardless of Method of Travel.
2. To determine Method of Travel:
   a. Please use the link and table below to find out about the advised SafeTravel Lanes you can use to enter Singapore.

<tr>
<th>Option</th>
<th>Eligible Countries/Regions</th>
<th>Methods of Travel</th>
<th>Brief Requirements (Please refer to the respective links for the detailed requirements)</th>
</tr>
</thead>
</table>
| 1      | Category I countries/regions: Macao, Mainland China, Taiwan | Air Travel Pass (ATP) | 1. **Apply** between 7 and 60 calendar days before the intended date of entry.  
2. The ATP is valid for single entry into Singapore anytime from the visitor’s intended date of entry and up to 7 calendar days after.  
3. Apply for Entry Visa (if applicable). Travellers must adhere to the prevailing visa requirements of their passports into Singapore.  
4. Been to one of more of the Category I countries/regions stated in the last 7 days before departing for Singapore.  
   a. Transits via other countries with a layover of less than 24 hours are not counted toward travel history. Visitors are not required to travel to Singapore on a direct flight; they may transit via a third country, so long as the transit duration is less than 24 hours. |
5. Be fully vaccinated and have an accepted proof of vaccination.
6. Undergo COVID-19 Pre-Departure Tests; PCR or ART within 2 days before scheduled flight at an internationally accredited facility.
7. Purchase Travel insurance, with a minimum coverage of S$30,000 for COVID-19-related medical treatment and hospitalization costs.
9. Submit Health Declaration and Digital Vaccination Certificate up to 3 days before arrival in Singapore.
10. Make an appointment for On-arrival COVID-19 supervised self-administered ART.
11. Download Trace-together Application.
12. Upon arrival, after checking into place of accommodation, take private transportation, taxi, or private hire car to and from the Quick Test Centre (QTC) or Combined Test Centre (CTC) to undergo a COVID-19 supervised self-administered ART within 24 hours of arrival in Singapore, and remain isolated at the declared place of accommodation until the test result is confirmed to be negative.
13. Recently recovered from COVID-19 and are fully vaccinated are exempted from Pre-departure test and On-Arrival ART based on criteria outlined in this self-checker tool, and can show relevant proof of recovery.

| 2 | VTL (Air) Countries/Regions: Australia, Brunei Darussalam, Cambodia, Canada, Denmark, Fiji, Finland, France, Germany, Hong Kong, India, Indonesia, Israel, Italy, Malaysia, Maldives, the Netherlands, the Republic of Korea, Spain, Sri Lanka, Sweden, Switzerland, Thailand, the Philippines, Turkey, the United Kingdom, the United States, Qatar, Saudi Arabia, the United Arab Emirates, Vietnam and Greece (Eligible after 16 March 2022) | Vaccinated Travel Lane (Air) (VTL (Air)) | 1. Apply between 3 and 60 calendar days before the intended date of entry.
2. A VTP is valid for 13 calendar days from the traveller’s chosen date of entry. Travellers not travelling during this date range can apply for a VTP later.
3. Apply for Entry Visa (if applicable). Travellers must adhere to the prevailing visa requirements of their passports into Singapore.
4. Travellers may only have travelled to or transited via “Active VTL (Air) Countries/Regions”, Category 1 countries/regions, the European Economic Area (EEA), or Singapore within the past 7 days, for travellers entering Singapore based on their date of entry into Singapore.
   a. The EEA consists of the 27 European Union member states, Iceland, Liechtenstein, and Norway. Travel history to Andorra, Monaco, San Marino and Vatican City is also allowed. The broadening of travel history requirement will apply to travellers entering Singapore on or after 16 March 2022.
5. Be fully vaccinated and have an accepted proof of vaccination.
6. Undergo PCR or ART within 2 days before scheduled flight at an internationally accredited facility.
7. Purchase Travel insurance, with a minimum coverage of S$30,000 for COVID-19-related medical treatment and hospitalization costs. |
1. Including the Faroe Islands and Greenland.
2. Including all overseas departments and regions (DROM), overseas collectivities (COM), overseas territories (TOM), and New Caledonia.
3. The Vatican City is an independent city state and is not considered part of Italy.
4. Including Aruba, Curaçao, Sint Maarten, and all special municipalities.
5. Including the Canary Islands
6. Including the Crown Dependencies (Guernsey, Isle of Man, and Jersey), and all British Overseas Territories.

8. Secure **Self-Isolation Accommodation**.
9. **Submit** Health Declaration and Digital Vaccination Certificate up to 3 days before arrival in Singapore.
10. Make an appointment for **On-arrival COVID-19 supervised self-administered ART**.
11. Download **Trace-together** Application.
12. Arrive in Singapore on a **designated VTL (Air) flight**.
13. Upon arrival, after checking into place of accommodation, take private transportation, taxi, or private hire car to and from the Quick Test Centre (QTC) or Combined Test Centre (CTC) to undergo a COVID-19 supervised self-administered ART within 24 hours of arrival in Singapore, and remain isolated at the declared place of accommodation until the test result is confirmed to be negative.
14. Recently recovered from COVID-19 and are fully vaccinated are exempted from Pre-departure test and On-Arrival ART based on criteria outlined in this self-checker tool, and can show relevant proof of recovery.
