Land Administration Challenges in Sri Lanka:

1. State Lands Encroachment Ordinance No 12 of 1840 as amended
2. Prescription Ordinance No. 22 of 1877 as amended
3. Land Resumption Ordinance No. 4 of 1887 as amended
4. Housing and Town Improvement Ordinance No. 19 of 1915 as amended
5. Flood Protection Ordinance No. 4 1924 as amended
6. Land Settlement Ordinance No. 20 of 1931 as amended
7. State Land (Claims) Ordinance No. 31 of 1931 as amended
8. Land Development Ordinance No. 19 of 1935 as amended
10. Irrigation Ordinance No. 32 of 1946 as amended
11. Municipal Councils Ordinance No. 29 of 1947 as amended
12. Special Areas (Colombo) Development Ordinance No. 40 of 1947 as amended
13. Land Acquisition Act, No. 9 of 1950 as amended
15. Soil Conservation Act No. 25 of 1951 as amended
17. Sri Lanka State Plantation Corporation Act No. 4 of 1955 as amended
18. Estate Bazaars (Compulsory Acquisition) Act No. 19 of 1958 as amended
19. Tourism Development Authority Act No. 14 of 1968 as amended
20. Atomic Energy Authority Act No. 19 of 1969

Many Ordinance & Acts have a long history & very complex, inconsistent and fails to address the current and future needs of society.
Land Administration Challenges in Sri Lanka:

21. Land Reform Act No. 1 of 1972 as amended
23. River Valleys Development Board Act No. 4 of 1975 as amended
24. Board of Investment Act No. 4 of 1978 as amended
25. Sri Lanka Land Reclamation and Development Corporation Act No. 27 of 1978 as amended
26. Urban Development Authority Act No. 41 of 1978 as amended
27. State Lands (Recovery of Possession) Act No. 7 of 1979 as amended
28. Mahaweli Authority Act No. 23 of 1979 as amended
29. Sri Lanka Ports Authority Act No. 51 of 1979 as amended
30. Urban Development Projects (Special Provision) Act No. 2 of 1980
31. Road Development Authority Act No. 73 of 1981
32. Predeshiya Sabhas Act No. 15 of 1987 as amended
33. Agrarian Development Act No. 46 of 2000 as amended
34. National Housing Development Authority Act No. 17 of 2002 as amended
35. Tourism Act No. 38 of 2005
36. Resettlement Authority Act No. 9 of 2007 as amended
37. Strategic Development Projects Act No. 14 of 2008 as amended
38. Urban Settlement Development Authority Act No. 36 of 2008
39. National Thoroughfares Act No. 40 of 2008
40. Sri Lanka Electricity Act No. 20 of 2009 as amended

Many Ordinance & Acts have a long history & very complex, inconsistent and fails to address the current and future needs of society.
Land Administration Challenges in Sri Lanka:

Legally Complicated

Range of Tenure Tools in State Land.

- Land permits,
- Land grants,
- Annual land permits,
- Long-term leases,
- Land releases to Government agencies
- Land releases through vesting orders.

Obtaining permits and grants is typically a complex and non-transparent process.

Restrictions in the trading in many rights but transfers are happening in practice and creating informality that is difficult to resolve.
Land Administration Challenges in Sri Lanka:

The Deeds Registration System

- Dates back to the British colonial administration & covers approximately 7 million land parcels (of the estimated total of 13 million land parcels in Sri Lanka)
- Registration is not mandatory and there is no legal guarantee on the rights

Dual system of registering private rights to Land Property

- No certainty that a registered deed is valid.
- No maps in the land registries, therefore uncertainty on boundaries and the risk of gaps and overlaps in the parcels with rights recorded in registered deeds.
- If a deed does not correctly refer to a previous deed there is the chance that the new deed will be registered as a new property and the risk of duplicate records of rights.
- There are also claims of fake deeds and land grabbing by manipulation of the system
Land Administration Challenges in Sri Lanka:

Title Registration system (TRS)

✓ TRS was introduced under the Registration of Title Act No. 21 of 1998
✓ This Act sets out a process to demarcate and survey property boundaries and to adjudicate the rights over these properties and register this information as titles with state guarantee.

Dual system of registering private rights to Land Property

✓ TRS is being implemented by the Survey Department (SD) and Land Settlement Department.
✓ The title register is maintained by the Registrar General’s Department. 505,813 titles had been registered under the National Land Titling Program (Bim-Saviya).
✓ The SD prepare national Cadastral Map.
✓ TRS was intended to replace deeds registration, but the implementation of title registration has taken longer than anticipated with clearly issues in both survey and adjudication processes in acquiring title.
Land Administration Challenges in Sri Lanka:

Disputes involving the ownership, partition and intestate succession also contribute substantially to cases that take more than 5 years to complete.
Land Administration Challenges in Sri Lanka:

- Geographically Incomplete
  - Missing of Complete Geographical Data for Land Administration
  - No single platform to access available Data
  - No Mechanism to bring survey plans made by registered licensed surveyors to a common platform
  - Lands are surveyed not compulsory to be connected to national reference framework
Road Map to Implement the Framework:

1. Defining, Determining, Delimiting and Solving Administrative Boundary Disputes
Road Map to Implement the Framework:

2. Digitize and harmonize a unified cadastre and cadastral map as the core elements of the land administration system.

- Establishing CORS network (SLCORSnet) is planned to be established in 2 Stages
  
  Stage-1 - 6 Stations
  
  Stage-2 – 42 Stations
Road Map to Implement the Framework:

Digitize and harmonize a unified cadastre and cadastral map as the core elements of the land administration system.
Road Map to Implement the Framework:

2. Digitize and harmonize a unified cadastre and cadastral map as the core elements of the land administration system.

Survey Department has a leading role in the creation of parcel-based land information.
Road Map to Implement the Framework:

3. Establish comprehensive land administration database with all stakeholders
Road Map to Implement the Framework:

Introducing new policies, objectives and action plan for establishing a quality land administration system.
Road Map to Implement the Framework:

5. Complete a comprehensive land register, cadastre and cadastral map through a systematic fit-for-purpose first registration campaign.
Road Map to Implement the Framework:

6. Accompany technical reforms by regulatory reforms to improve the quality, clarity and sustainability of the land administration system.
How the UN & Group of Expertise Can Help?

✓ The **UN & Group of Expertise** has significant experience working with many countries worldwide on national land registration, cadastre and land administration programs.

✓ **UN & Group of Expertise** could provide **educations, technical & financial** assistance for conducting a systematic analysis on the quality of land administration and recommending a plan of actions systematic and incremental modernization of the entire land administration system in Sri Lanka.
Thank you
