

2021 United Nations Decade
2030 of Ocean Science
for Sustainable Development

1

IGIF-Hydro

United Nations Working Group on Marine Geospatial Information (UNWG-MGI), UN Committee of Experts on Global Geospatial Information Management (UN-GGIM) - United States of America (USA)

All Ocean Basins, Change humanity's relationship with the ocean, Contribution, Create a digital representation of the Ocean, Skills, knowledge and technology for all

The goal of the UN WG-MGI produced Operational Framework for Integrated Marine Geospatial Information (IGIF-H) is the efficient use of geospatial information by all countries to facilitate decision-making in support of sustainable oceans and seas, coastal zones, deltas and tributaries, and inland water bodies and waterways.

Start Date: 01/10/2021

End Date: 31/12/2030

Lead Contact: John Nyberg (john.nyberg@noaa.gov)

So now that we have an action

Action will be promoted through our various Ocean Decade communications channels including:

- Newsletter (monthly via mailchimp)
- Social media ([Twitter](#), [LinkedIn](#), [Facebook](#), [Instagram](#))
- [Website](#)
- [Global Stakeholder Forum](#)
- Key publications (print and online)

Beyond the specific communications assets that we (IOC) will develop and promote through the Ocean Decade channels, we invite you and your team to develop specific outreach and communications materials about your endorsed Action. Please feel free to send these to oceandecade@unesco.org so they can be shared via the Ocean Decade channels (though space/time constraints may not give room to include too many communication assets, especially on social media). We are happy to repost/retweet any content from your relevant accounts if you could please tag us.

So now that we have an action

We can use the logo, but there are specific guidelines.

2021 United Nations Decade
of Ocean Science
2030 for Sustainable Development

Would be great to have a WG lead on the Decade of Ocean Science

- Regular reporting will be required on IGIF-H progress
- Can do as much (or little) as we would like. Many opportunities to promote our work, use Decade communications network etc.
