UN-GGIM: AFRICA | THE IGIF JOURNEY ...

Country	Model	Status of the CLAP
Burkina Faso	Development Account	Completed
Cameroon	UNGGIM Approach	At approval stage
Ethiopia	Development Account	Completed
Eswatini	UNGGIM Approach	Good progress, last stages but delayed due to other work pressures
Mozambique	Development Account	Made good progress with CLAP. Consultation with Statistics Office underway
Rwanda	UNGGIM Approach	Process started consultation workshop held but lost communication with the coordinating office.
South Africa	Hybrid (Outsourced but following the UN-GGIM Approach)	Process started but approach changed to prioritised the SA-GIM strategy
Senegal	Development Account	Lead by a consultant and progress not known

UN-GGIM: AFRICA | UN-IGIF WORKSHOP

UN-GGIM
UNITED NATIONS
COMMITTEE OF EXPERTS ON
GLOBAL GEOSPATIAL
INFORMATION MANAGEMENT

**Expert consultation to enhance national geospatial information management arrangements
and accelerate the achievement of the SDGs**

23 to 25 October 2023

**6th Floor Meeting Room, Main Building, United Nations Economic Commission for Africa
Addis Ababa, Ethiopia**

One of the first of the five consultations contributing to the review and refinement of the United Nations approach supporting Member States to enhance their national geospatial information management arrangement and accelerating the achievements of the SDG through the implementation of the UN-IGIF.

SIX STRATEGIC GOALS | VIEWS FROM UN-GGIM:AFRICA

- Goal 1: Improve Communication
- Goal 2: Promote Data Governance, Availability and Accessibility
- Goal 3: Strengthen Capacity
- Goal 4: Mobilize Sustainable Funding
- Goal 5: Encourage Collaboration, Exchange, and Sharing
- Goal 6: Oversee Improvement and Review
