

UNITED

NATIONS

Global Geospatial Knowledge and Innovation Centre

United Nations Geospatial Knowledge and Innovation Week 2024

(GeoNow 2024)

Deqing, China

October 21-24, 2024

Provisional Annotated Agenda

October 21, Monday

Morning

9:00 – 9:15	<p>Opening Ceremony</p> <ul style="list-style-type: none"> ➤ Welcome, introductions and organization of the work ➤ Showcase video of the United Nations GeoNow Open Week
9:15 – 10:00	<p>Opening Address <i>(moderated by Dr. Pengde Li, Director of UN-GGKIC)</i></p> <ul style="list-style-type: none"> ➤ Mr. Navid Hanif, Assistant Secretary-General for Economic Development in United Nations Department of Economic and Social Affairs ➤ Mr. Hao Chen, Secretary of the Huzhou Municipal Party Committee, Zhejiang Province ➤ Mr. Wenguang Xu, Executive Vice Governor of Zhejiang Province ➤ Mr. Guohong Liu, Vice Minister of Natural Resources of China
10:00 – 10:40	<p>Keynote Presentations <i>(moderated by Dr. Pengde Li, Director of UN-GGKIC)</i></p> <ul style="list-style-type: none"> ➤ Mr. Dejan Jakovljevic, Director of Digitalization and Informatics, FAO ➤ Ms. Tiziana Bonapace, Director of Information and Communications Technology and Disaster Risk Reduction Division, ESCAP ➤ Mr. Jixian Zhang, Executive Director of Moganshan Geospatial Information Laboratory
10:40 – 10:50	International Cooperation Unveiling Ceremony
10:50 – 11:00	Tea Break
11:00 – 12:00	<p>Moganshan Talks: Keynote Presentations <i>(moderated by Dr. Pengfei Cheng, Researcher, Moganshan Geospatial Information Laboratory)</i></p> <ul style="list-style-type: none"> ➤ Digital Twins and Smart Cities Panel Geospatial Solutions for Global Challenges – a New Era Empowered by Digital Twin <i>Abbas Rajabifard, Professor, Director of the Department of Intelligence and Sustainable Development, Director of the Centre for SDIs and Land Administration within the University of Melbourne</i> ➤ Smart Agriculture and Food Security Panel Innovation in Smart Farming Technology and Its Applications <i>Tao Cheng, Vice Director of National Engineering and Technology Centre for Information Agriculture</i>

11:00 – 12:00	<ul style="list-style-type: none"> ➤ Natural Resources Investigation and Land Space Governance Panel Progress and Challenges in Natural Resource Surveys & Spatial Governance <i>Wenli Feng, Director of China Land Surveying and Planning Institute</i> ➤ Clean Energy and Green Development Panel Development and Progress of the Integrated “Space-Sky-Land-Sea-Well” Exploration, Observation and Monitoring Technology System <i>ShengQing Xiong, China Aero Geophysical Survey and Remote Sensing Centre for Natural Resources</i> ➤ Climate Change and Disaster Risk Reduction Panel Space information technology and international cooperation to help preventing and controlling disasters on Tonga's volcanic island <i>Viliami Folau, Deputy CEO and Head of Surveying and Mapping, Ministry of Lands and Natural Resources, Tonga</i> ➤ Geo-Modeling and Geospatial Intelligence Panel Research on Sustainable Development Supported by Geographic Modeling and Spatial Intelligence <i>Min Chen, Professor of Nanjing Normal University, President of the International Association of Chinese Professionals in Geographic Information Sciences</i>
---------------	--

Afternoon

Moganshan Talks: Digital Twins and Smart Cities Panel <i>Moderated by Abbas Rajabifard, University of Melbourne</i>	
Part A: Special Reports	
13:30 – 13:40	Opening Address Paul Cheung, Director of Asia Competitiveness Institute, National University of Singapore, Former Director of the United Nations Statistics Division
13:40 – 14:00	Smart City Empowering by Geospatial Big Data Chenghu Zhou, Academician of Chinese Academy of Sciences
14:00 – 14:20	European Geodetic Reference Systems Michalis Kalogiannakis, Secretary General of the Council of European Geodetic Surveyors
14:20 – 14:40	3D Real Scene China Construction and its Technology System Qin Yan, President and Researcher of Chinese Academy of Surveying and Mapping
14:40 – 15:00	Progress and Application of 3D Real scene modeling in Hong Kong Wenzhong Shi, Director and Professor of the Otto Poon Charitable Foundation Institute of Smart Cities at the Hong Kong Polytechnical University
15:00 – 15:20	Resilient and Intelligent Infrastructure Systems Nasser Khalili, Professor and Head of the Department of Civil Engineering and Environment at the University of New South Wales, Australia

15:20 – 15:40	<p>The current status and needs of Urban Geospatial Information Development in Belt and Road countries: A case study of Mongolia</p> <p>Khosbayar Orosoo, Chairman of Mongolian association of Geodesy, Photogrammetry and Cartography Erdenechimeg Purevjav, Associate Professor at Department of Geodesy, Mongolian University of Science and Technology</p>
15:40 – 16:00	Tea Break
Part B: Publication of Results from China-Australia International Cooperation Projects	
16:00 – 16:10	<p>Introduction to International Cooperation on Digital Twins between China and Australia</p> <p>Abbas Rajabifard, University of Melbourne</p>
16:10 – 16:20	<p>Release of China-Australia International Cooperation Achievements</p> <ul style="list-style-type: none"> ➤ 3D Real Scene Technology Solution ReS3D V1.0 ➤ White Paper on Promoting Qingdao's High-Quality Development with 3D Real Scene Technology
16:20 – 16:30	<ul style="list-style-type: none"> ➤ Ceremony for Presentation of Solution Achievements and White Paper – 3D Real Scene Technology Solution ReS3D V1.0 <p>Presented by Chinese Academy of Surveying and Mapping, Qingdao Survey and Mapping Institute and University of Melbourne</p> <ul style="list-style-type: none"> ➤ White Paper on Promoting Qingdao's High-Quality Development with 3D Real Scene Technology <p>Presented by Qingdao Natural Resources and Planning Bureau</p>
Part C: Round Table	
16:30 – 17:10	<p>Topic 1: The current status of digital geospatial infrastructure in cities across countries</p> <p>Topic 2: How Digital Twin technology can facilitate the development of low-altitude economy</p> <p>Topic 3: Suggestions on research by the United Nations Geospatial Knowledge Innovation Think Tank</p> <p>Guests:</p> <ul style="list-style-type: none"> ➤ <i>Orhan Ercan</i>, Ankara University ➤ <i>Mark Allan</i>, University of Melbourne ➤ <i>Ganesh Prasad Bhatta</i>, Ministry of Land Management and Poverty Alleviation ➤ <i>Hongshan Yang</i>, Sichuan Bureau of Surveying Mapping and Geoinformation ➤ <i>Zhihua Zhang</i>, Qingdao Survey and Mapping Research Institute

October 22, Tuesday

Morning

Moganshan Talks: Smart Agriculture and Food Security Panel
<p>Part A: Special Reports</p> <p><i>Moderated by Mariana Belgiu, Associate Professor, University of Twente</i></p>

8:30 – 8:35	Opening address Weixing Cao, Member of the Standing Committee of the National Committee of the CPPCC, former Vice Minister of Natural Resources, Honorary President of the Institute of Smart Agriculture, Nanjing Agricultural University
8:35 – 8:50	Exploration and Practice of Unmanned Farms Xiwen Luo, Academician of the Chinese Engineering Academy, Professor of South China Agricultural University
8:50 – 9:05	CropWatch Cloud Empowers Developing Countries' ability and capacity to explore Earth Observation to address Food Security Issues Binfang Wu, Co-Chair of GEO GEOGLAM flagship, Professor of Aerospace Information Innovation Institute, Chinese Academy of Sciences
9:05 – 9:20	Cropland Monitoring using Remote Sensing Wenbin Wu, Director and Professor of the Institute of Agricultural Resources and Regional Planning, Chinese Academy of Agricultural Sciences
9:20 – 9:35	Geospatial Innovations in Agriculture: Mapping and Monitoring crop yield and nutritional quality to address malnutrition challenges Mariana Belgiu, Associate Professor, University of Twente Associate
9:35 – 9:50	Earth Observation for Water Resource Sustainability in Smart Agriculture Tian Hu, Senior R & T, Luxembourg Institute of Science and Technology
9:50 – 10:05	How to make Earth Observation more mainstream in the Australia's Agriculture Industry Ha Thanh Nguyen, Research Scientist, CSIRO
10:05 – 10:20	Breakthrough in Information Acquisition Technology for Smart Agriculture and Exploration of Sustainable Models Rujing Wang, Chief Engineer of Institute of Intelligence, Hefei Institute of Physical Science, Chinese Academy of Sciences, Professor of the University of Science and Technology of China
10:20 – 10:35	Current situation and Development considerations of Agricultural robot technology Chengliang Liu, Director of the Institute of Electromechanical Control, Shanghai Jiao Tong University, Vice President of Shanghai Intelligent Manufacturing Research Institute
10:35 – 10:50	Knowledge-guided machine learning for the next generation of agro-ecosystem prediction Zhenong Jin, Associate Professor of Peking University
10:50 – 11:00	Tea break
Part B: Round Table <i>Moderated by Chongya Jiang, Associate Dean and Professor of the Smart Agriculture Research Institute, Nanjing Agricultural University</i>	

11:00 – 11:45	<p>Topic 1: How High and New Technologies Promote the Implementation of Smart Agriculture</p> <p>Topic 2: Current International Development and Successful Cases of Smart Agriculture</p> <p>Topic 3: Research Plans of Think Tanks on Smart Agriculture and Food Security</p> <p>Guests:</p> <ul style="list-style-type: none"> ➤ <i>Xiwen Luo</i>, Academician of the Chinese Engineering Academy, Professor of South China Agricultural University ➤ <i>Yan Feng</i>, Programme Consultant, Programme Delivery Unit, WFP China ➤ <i>Binfang Wu</i>, Co-Chair of GEOGLAM flagship, Professor of Aerospace Information Innovation Institute, Chinese Academy of Sciences ➤ <i>Wenbin Wu</i>, Director and Professor of the Institute of Agricultural Resources and Regional Planning, Chinese Academy of Agricultural Sciences ➤ <i>Mariana Belgiu</i>, Associate Professor, University of Twente ➤ <i>Zhenong Jin</i>, Associate Professor of Peking University
---------------	---

Afternoon

Moganshan Talks: Natural Resources Investigation and Land Space Governance Panel	
Part A: Special Reports <i>Moderated by Wenli Feng, Director of China Land Surveying and Planning Institute</i>	
13:30 – 13:45	<p>Opening Address</p> <ul style="list-style-type: none"> ➤ Bingzhi Zhang Deputy Director General, Surveying & Monitoring Department of Ministry of Natural Resources of China ➤ Jia Zhang General Planner, Department of Natural Resources of Zhejiang Province
13:45 – 14:00	<p>Breaking Barriers in Land and Water Resource Monitoring for Sustainable Food Systems: How FAO's Geospatial Systems Enable Large-Scale Innovation</p> <p>Livia Peiser, Senior Land and Water Officer, FAO</p>
14:00 – 14:15	<p>Integrated Land and Geospatial Systems, Natural Resources Valuation and Green Urban Development</p> <p>Mika-Petteri Torhonen, Global Lead on Land, World Bank</p>
14:15 – 14:30	<p>The Brazilian Experience of the Rural Environmental Registry: Results and Perspectives</p> <p>Carlos Eduardo Sturm, Chief Data Officer of Rural Environmental Registry, Ministry of Management and Innovation in Public Services</p>
14:30 – 14:45	<p>Zhejiang Practice of Comprehensive Evaluation of Land Change Survey Results</p> <p>Chong Lin, Director of Zhejiang Natural Resources Strategic Research Centre</p>
14:45 – 15:00	<p>Key developments in Land, Property and Cadastral Information</p> <p>Bennett Rohan Mark, Dutch Cadastre, Netherland</p>
15:00 – 15:15	Tea Break
Part B <i>Moderated by Livia Peiser, Head, Geospatial Unit, Land and Water Division, FAO</i>	

15:15 – 15:30	IUCN Contributions for Nature Platform: Unified approach for global conservation and climate mitigation documentation Muneeswaran Mariappan, International Union for Conservation of Nature (IUCN), Gland, Switzerland
15:30 – 15:45	Data from Land and Resources Surveys Provide Support for Dual Assessments of Territorial Spatial Planning Kejing Jia, Chief Engineer of China Land Surveying and Planning Institute
15:45 – 16:00	Land and Climate Change: The Relevance of Spatial Data Uchendu Chigbu, Namibia University of Science and Technology
16:00 – 16:15	Landscape Planning and Nature-Based Solutions: Key Aspects of Climate Resilience (recorded) Michael Klaus, Hanns Seidel Foundation
Part C: Round Table <i>Moderated by Hairong Song, Deputy-Director of CLSPI</i>	
16:15 – 17:00	How do precise geo-information sensing and rapid processing technologies and their applications support territorial spatial governance and promote the implementation of the SDGs? <ul style="list-style-type: none"> ➤ <i>Li Xiaobo</i>, Former Director General, Information Centre of Ministry of Natural Resources of China ➤ <i>Lin Yuxian</i>, Deputy Chief Planner, Territorial Land and Spatial Planning Research Centre of Ministry of Natural Resources of China ➤ <i>Carlos Eduardo Sturm</i>, Chief Data Officer of Rural Environmental Registry, Ministry of Management and Innovation in Public Services of Brazil ➤ <i>Liu Xiaoyu</i>, Director, Chongqing Planning and Natural Resources Survey and Monitoring Institute ➤ <i>Representative from Private Sector</i>
	Summary Mika-Petteri Torhonen, Global Lead on Land, World Bank
Part D: Publication	
17:00 – 17:15	Presenting Publication to UN-GGKIC

October 23, Wednesday

Morning

Moganshan Talks: Clean Energy and Green Development Panel	
Part A: Special Reports <i>Moderated by Shujing Bao, China Geological Survey</i>	
8:30 – 8:40	Introduction of Participants
8:40 – 9:05	Geothermal Resources for 21st Century – Insights from China's Geothermal Resources Exploration and Development Guiling Wang, Institute of Hydrogeology and Environmental Geology, CAGS
9:05 – 9:30	Exploration and Practice on the Integration of Oil, Gas and New Energy Hongyu Wang, Petro China Oil, Gas & New Energies Company

9:30 – 9:55	Discussion on Green and Low-Carbon Transition and Multi-Energy Synergy Strategies for Oil and Gas Fields Ying Zhang, Research Institute of Petroleum Exploration and Development, Sinopec
9:55 – 10:20	From Geologic Renewable Energy to Energy Storage – Bright Future for Sustainable Energy Shu Jiang, China University of Geosciences, Wuhan, China
10:20 – 10:45	The Technologies Exploration of extra-large scale compressed Air Energy Storage in Salt Caverns Suian Zhang, China University of Petroleum (Beijing)
10:45 – 11:10	The prospect of integrated development of the marine industry chain in the Beibu Gulf of Guangxi Xinyu Sha, Guangxi Guangtou Beibu Gulf Offshore Wind Power Generation Co., Ltd
11:10 – 11:35	Progress in Global Natural Hydrogen Exploration & Development and Prospects of Natural Hydrogen Resources in China Geer Teng, Oil and Gas Survey, China Geological Survey
Part B: Round Table <i>Moderated by Muneeswaran Mariappan, International Union for Conservation of Nature (IUCN), Gland, Switzerland</i>	
11:35 – 12:00	<p>Topic 1: Summary of the Results of the Symposium on Clean Energy and Green Development</p> <p>Topic 2: Discuss how to accelerate the promotion and application of green energy technologies through policy guidance, market mechanisms, and other means</p> <p>Topic 3: Agreeing on the Closing Summary Report</p> <p>Guests:</p> <ul style="list-style-type: none"> ➤ <i>Shujing Bao</i>, China Geological Survey ➤ <i>ZhenYu Chen</i>, Institution of Mineral Resources, Chinese Academy of Geological Sciences ➤ <i>Guilin Wang</i>, Institute of Hydrogeology and Environmental Geology, CAGS ➤ <i>HongYu Wang</i>, PetroChina Oil, Gas & New Energies Company ➤ <i>Ying Zhang</i>, Research Institute of Petroleum Exploration and Development, Sinopec ➤ <i>Shu Jiang</i>, China University of Geosciences, Wuhan ➤ <i>Suian Zhang</i>, China University of Petroleum, Beijing ➤ <i>Geer Teng</i>, Oil and Gas Survey, China Geological Survey ➤ <i>XinYu Sha</i>, Guangxi Guangtou Beibu Gulf Offshore Wind Power Generation Co., Ltd

Afternoon

Moganshan Talks: Climate Change and Disaster Risk Reduction Panel
Part A: Special Reports <i>Moderated by Siqun Yang, Director of National Institute of Natural Hazards, Ministry of Emergency Management of the People's Republic of China</i>

13:30 – 13:50	Technological Response to Emergencies and Disaster Reduction of China: Challenges and Achievements Siqun Yang, Director of National Institute of Natural Hazards, Ministry of Emergency Management of the People's Republic of China
13:50 – 14:10	Harnessing Geospatial Knowledge for Global Disaster Awareness: addressing challenges and strategies in Indonesia Antonius Bambang Wijanarto, President of the United Nations Global Geospatial Information Management for Asia and the Pacific (UN-GGIM-AP)
14:10 – 14:30	Leveraging LLMs for advanced geospatial decision support: The case of SatGPT Hamid Mehmood, Economic Affairs Officer of United Nations Economic and Social Commission for Asia and the Pacific
14:30 – 14:50	China's Achievements in Flood and Drought Disaster Prevention and Applications of Digital Twin Technology Changjun Liu, Director of the Institute of Flood Control, Drought Relief and Disaster Reduction, China Institute of Water Resources and Hydropower Research
14:50 – 15:10	Harnessing Satellite Technology for Disaster Mitigation and Monitoring in Pakistan Hassan Ali, Manager of Pakistan Space & Upper Atmospheric Research Commission
15:10 – 15:30	Tea break
Part B: Special Reports <i>Moderated by Viliami Folau, Deputy CEO and Head of Surveying and Mapping, Ministry of Lands and Natural Resources, Tonga</i>	
15:30 – 15:50	International Cooperation in Disaster Risk Reduction (recorded) Orhan Altan, Chair of International Science Council GeoUnions Standing Committee on Disaster Risk Reduction
15:50 – 16:10	Risks and Responses to Future Climate Change Cunde Xiao, Beijing Normal University, Director of the State Key Laboratory of Earth Surface Processes and Resource Ecology
16:10 – 16:30	Countermeasures and Suggestions for Strengthening Geological Disaster Prevention and Management under the Background of Climate Change Jusong Shi, Deputy Director of the China Geological Environment Monitoring Institute
16:30 – 16:50	Emergency Spatiotemporal Information Knowledge Ecology Framework and Think Tank Research Suggestions Yueqin Zhu, Deputy Director of the Urban Disaster Research Centre, National Institute of Natural Hazards, Ministry of Emergency Management of the People's Republic of China
Part C: Round Table <i>Moderated by Yueqin Zhu, National Institute of Natural Hazards, Ministry of Emergency Management of the People's Republic of China</i>	

16:50 – 17:30	<p>Topic 1: Experience and cases of using spatiotemporal information to enhance disaster response capabilities</p> <p>Topic 2: Opportunities and challenges of using spatiotemporal information to enhance disaster response capabilities</p> <p>Topic 3: Suggestions on emergency spatiotemporal knowledge ecology framework and think tank research</p> <p>Guests:</p> <ul style="list-style-type: none"> ➤ <i>Wanglin Yan</i>, Professor of Keio University ➤ <i>Saeid Pirasteh</i>, Professor and Associate Dean at Shaoxing Institute of Artificial Intelligence, Shaoxing University, Advisory Board of the UN-GGIM Academic Network ➤ <i>Viliami Folau</i>, Deputy CEO and Head of Surveying and Mapping, Ministry of Lands and Natural Resources, Tonga ➤ <i>Quanhong Zheng</i>, Senior GIS Engineer of Sichuan Geomatics Centre, Ministry of Natural Resources, Member of UN-GGIM WG on Geospatial Information for Disaster Risk Management ➤ <i>Haigang Sui</i>, State Key Laboratory of Surveying, Mapping and Remote Sensing Information Engineering, Wuhan University ➤ <i>Jusong Shi</i>, Deputy Director of the China Geological Environment Monitoring Institute ➤ <i>Changjun Liu</i>, Director of the Institute of Flood Control, Drought Relief and Disaster Reduction, China Institute of Water Resources and Hydropower Research ➤ <i>Cunde Xiao</i>, Beijing Normal University, Director of the State Key Laboratory of Earth Surface Processes and Resource Ecology
---------------	--

October 24, Thursday

Morning

Moganshan Talks: Geo-Modeling and Geospatial Intelligence Panel	
Part A: Keynotes	
<i>Moderated by Min Chen, Professor of Nanjing Normal University, President of the International Association of Chinese Professionals in Geographic Information Sciences</i>	
8:30 – 8:50	Individual Level Modeling and Simulation Paul Longley, University College London
8:50 – 9:10	Open GIS, Earth Observation and Glacial Lake Outburst Floods in Himachal Himalaya, India Pankaj Kumar, Delhi University
9:10 – 9:30	Assessing Urban Sustainability using SDG11.3.1 Land Use Efficiency Indicator Zhongchang Sun, International Research Centre of Big Data for Sustainable Development Goals
9:30 – 9:50	FengWu – Data-driven Earth Monitoring and Forecasting System Lei Bai, Shanghai Artificial Intelligence Laboratory
9:50 – 10:10	Model construction and progress assessment for UN SDG 11.4 Fulong Chen, Professor of International Centre on Space Technologies for Natural and Cultural Heritage under the Auspices of UNESCO

10:10 – 10:30	High-resolution Mapping of Urban built environment: Perspective from construction materials Zhou Huang, Peking University
10:30 – 10:50	The Time Series & Spatio-Temporal Data Driven Decision Intelligence Bin Yang, East China Normal University
10:50 – 11:10	SDG Interactions and Modeling Min Cao, Nanjing Normal University
Part B: Round Table <i>Moderated by Xueying Zhang, Nanjing Normal University</i>	
11:30 – 12:00	How to enhance the capacity of geo-modeling and geospatial intelligence for SDG? Guests: <ul style="list-style-type: none"> ➤ Paul Longley, UCL ➤ Pankaj Kumar, Delhi University ➤ Zhongchang Sun, CBAS ➤ Fulong Chen, HIST ➤ Zhou Huang, Peking University ➤ Bin Yang, East China Normal University ➤ Min Cao, Nanjing Normal University ➤ Min Chen, Nanjing Normal University

Afternoon

International Symposium on Leadership Development of Global Geospatial Knowledge	
Part A: Reports <i>Moderated by Dr. Pengde Li, Director of UN-GGKIC</i>	
13:30 – 13:45	Opening Address UN System Supporting Geospatial Leadership Development (recorded) Alexandre Caldas, UNEP
13:45 – 14:00	Current situation of Geospatial Information in Africa and Prospects of China-Africa Cooperation Mohammed Mamman Kabir, Chair of International Federation of Surveyors – Africa Regional Network
14:00 – 14:15	Digital Transformation of Society Led by Geospatial Information Technology Renzhong Guo, Academician of the Chinese Academy of Engineering, Head of the Research Institute for Smart Cities, Shenzhen University
14:15 – 14:30	Knowledge and Innovation Strategy for GEOSA Salah Salih Meemar, General Authority for Survey and Geospatial Information (GEOSA), Saudi Arabia
14:30 – 14:45	Geospatial Intelligence and Applications Liping Sun, Geographic Information System Technology Innovation Centre, Ministry of Natural Resources Director of International Scientific and Technological Cooperation
Part B: Panel Discussion <i>Moderated by Abbas Rajabifard, University of Melbourne</i>	

14:45 – 15:15	<p>How to develop geospatial leadership globally, regionally, nationally and locally?</p> <ul style="list-style-type: none"> ➤ Regional View: Michalis Kalogiannakis, Secretary-General, European Council of Geodesy ➤ Local View: Liwa Evaristo Joseph, School of Earth Sciences, Real Estates, Business and Informatics, Ardhi University ➤ Academic View: Xi Li, Deputy Director of the State Key Laboratory of Information Engineering in Surveying, Mapping and Remote Sensing, Wuhan University ➤ For Women: Qin Yan, President of Chinese Academy of Surveying and Mapping ➤ For Youth: Orhan Ercan, Ankara University
Part C: Action Plan for the Future	
15:15 – 15:25	<p>Wrap-up and Promotion of Geospatial Leadership Training Program Abbas Rajabifard, University of Melbourne</p>
Closing Remarks of Symposium	
15:25 – 15:30	<p>Work Together to develop Geospatial Leadership Dr. Pengde Li, Director of UN-GGKIC</p>
<p>Closing Ceremony <i>Moderated by Ming Ma, Vice Director of UN-GGKIC</i></p>	
16:00 – 16:20	<p>Expert report Geospatial Intelligence – Sustaining Development <i>Josef Strobl, Academician of the Austrian Academy of Sciences, University of Salzburg</i></p>
16:20 – 16:50	<p>Reports on the achievements of the Moganshan Talks</p> <ul style="list-style-type: none"> ➤ Digital Twins and Smart Cities Panel Abbas Rajabifard, University of Melbourne ➤ Smart Agriculture and Food Security Panel Chongya Jiang, Associate Dean and Professor of the Smart Agriculture Research Institute, Nanjing Agricultural University ➤ Natural Resources Investigation and Territorial Spatial Governance Panel Mika-Petteri Torhonen, Global Lead on Land, World Bank ➤ Clean Energy and Green Mining Panel Zhenyu Chen, Institution of Mineral Resources, Chinese Academy of Geological Sciences ➤ Climate Change and Disaster Risk Reduction Panel Yueqin Zhu, Deputy Director of the Urban Disaster Research Centre, National Institute of Natural hazards, Ministry of Emergency Management of the People's Republic of China ➤ Geo-Modeling and Geospatial Intelligence Panel Jian Lin, Professor at Nanjing Normal University
16:50 – 17:30	<p>Closing Remarks Dr. Pengde Li, Director of UN-GGKIC</p>
