

Committee of Experts on Global Geospatial Information Management

Tenth session

New York, 26- 27 August 2020 and 4 September 2020

Item 10 of the agenda

Geospatial information and services for disasters (for discussion and decision)

<i>Statement provided by:</i> Thailand	
<i>Statement:</i> Thailand recognizes the report prepared by the Working Group on Geospatial Information and Services for Disasters for this Tenth Session of the United Nations Committee of Experts on Global Geospatial Information Management and fully supports the implementation of the Strategic Framework on Geospatial Information and Services for Disasters. We encourage the countries to strengthen collaborations and coordinations among mapping and space agencies, and disaster relief agencies at the national and local level to leverage the use of geospatial information and space-derived data as effective tools for disaster risk reduction and management including COVID-19 response and recovery.
