

## **Committee of Experts on Global Geospatial Information Management**

### **Tenth session**

New York, 26- 27 August 2020 and 4 September 2020

Item 3 of the agenda

### **Strengthening of geospatial information management (for discussion and decision)**

<i>Statement provided by:</i> Ecuador	
<i>Statement:</i> The delegation of Ecuador takes note of this report and congratulates the efforts made by the Trends Working Group regarding national institutional agreements on geospatial information management. Ecuador is always willing to participate and contribute from its experience to strengthen the capacity of UNGGIM members. This national delegation fully supports the third edition of the report on future trends in geospatial information and it is suggested to create a campaign of distribution and general knowledge of this invaluable document, in which all members and observers participate.
