

Committee of Experts on Global Geospatial Information Management

Tenth session

New York, 26- 27 August 2020 and 4 September 2020

Item 3 of the agenda

Strengthening of geospatial information management (for discussion and decision)

<i>Statement provided by:</i> MEXICO	
<i>Statement:</i> Mexico acknowledges the efforts of the Secretariat and the Committee for taking practical and strategic measures to strengthen the management of geospatial information in Member States. Mexico supports the creation of a global centre of geospatial knowledge and innovation that will make it possible to expand geospatial capacity and competence at the global level, since the strengthening of geospatial information management contributes to make better decisions in the social, economic, political and environmental spheres.
