

# Committee of Experts on Global Geospatial Information Management

## Tenth session

New York, 26- 27 August 2020 and 4 September 2020

Item 8 of the agenda

### Integration of geospatial, statistical and other related information (for information)

<b><i>Statement provided by:</i></b> Alison Rose, Head of Delegation, Australia	
<b><i>Statement:</i></b> Australia welcomes the report of the UN Expert Group for the Integration of Statistical and Geospatial Information. Australia congratulates Germany and Namibia for taking up the leadership of the Expert Group from Mexico and Australia, noting both of the later countries prior leadership and commitment to the establishing the Expert Group since 2013 and work to ensure delivery of the Global Statistical Geospatial Framework.  Australia endorses the information in the report and attachments that details the revised terms of reference of the Expert Group and the directions outlined in the work plan. These will support the next phase of the Expert Group that targets the implementation of the GSGF in member states.
