

**Committee of Experts on Global Geospatial
Information Management**

Eleventh session

New York, 23, 24 and 27 August 2021

Item 5 of the agenda

**Integrated Geospatial Information Framework
(for discussion and decision)**

<i>Statement provided by:</i> CHILE	
<i>Statement:</i> From Chile we have been constantly supporting the IGIF processes, and we are even currently developing a Geospatial Information Policy based on IGIF. Just as we are adopting IGIF in Chile, we see the need for IGIF documents to be translated into new languages, in order to support more countries.
