

Committee of Experts on Global Geospatial Information Management

Eleventh session

New York, 23, 24 and 27 August 2021

Item 6 of the agenda

Global geodetic reference frame (for discussion and decision)

<i>Statement provided by:</i> Africa Regional Committee of the United Nations Committee of Experts on Global Geospatial Information (UN-GGIM: Africa)	
<i>Statement:</i>	
<p>1. The Africa Region takes note of the report and the work of the Subcommittee on Geodesy during the intersessional period, including its efforts to raise awareness and improve the understanding on the importance of geodesy as a basic infrastructure for sustainable development.</p> <p>2. UN-GGIM: Africa through its Working Group on the African Geodetic Frame (AFREF) reiterates its availability for collaboration and coordination with the GGRF to strengthen in-country expertise for implementation, operations, processing and analysis of modern geodetic techniques for a unified geodetic reference frame in Africa.</p>
