

Committee of Experts on Global Geospatial Information Management

Eleventh session

New York, 23, 24 and 27 August 2021

Item 3 of the agenda

Strengthening of geospatial information management (for discussion and decision)

<i>Statement provided by:</i> Survey of Pakistan	
<i>Statement:</i> Survey of Pakistan is in the process of implementing national spatial data infrastructure (NSDI) for strengthening of geospatial information management in the country. Can UN-GGIM nominate some group of experts to assist in carrying out feasibility study for the NSDI? This would be a tangible help from UN-GGIM.
