

# Committee of Experts on Global Geospatial Information Management

## Eleventh session

New York, 23, 24 and 27 August 2021

Item 11 of the agenda

### Marine geospatial information (for discussion and decision)

***Statement provided by:***

European Association of Remote Sensing Companies (EARSC – [www.earsc.org](http://www.earsc.org))

***Statement:***

- [European Association of Remote Sensing Companies](http://www.earsc.org) – EARSC notes the report provided by the Working Group on Marine Geospatial Information and appreciates the group's activities and progress during the inter-sessional period.
- EARSC companies provide data and services to enable *marine* policy implementation and support Blue growth and scientific innovation. Through EARSC activities, we engage with final users from the marine and maritime sector, and if requested, we will be pleased to present these activities under future working group activities
