

Committee of Experts on Global Geospatial Information Management

Eleventh session

New York, 23, 24 and 27 August 2021

Item 13 of the agenda

**Implementation and adoption of standards for the global geospatial information community
(for discussion and decision)**

Statement provided by:

UN-GGIM: Arab States

Statement:

UN-GGIM Arab States appreciates all of the efforts that have been made to highlight the importance of using geospatial standards.

Standards play a key role in delivering trusted and reliable geospatial data, services and products. Therefore, we encourage all members to benefit from the work and recommendations provided by organizations concerned with standards.

The UNGGIM-Arab States expresses its gratitude and thanks to the Chair of the Institutional Arrangement, Legal and Policy Issues, Awareness and Capacity Building (Morocco), which is now known as the IGIF Working Group, for its contribution to the working group agenda.
