

## **Committee of Experts on Global Geospatial Information Management**

### **Eleventh session**

New York, 23, 24 and 27 August 2021

Item 13 of the agenda

### **Implementation and adoption of standards for the global geospatial information community (for discussion and decision)**

<i>Statement provided by:</i> Ireland, Head of Delegation Colin Bray, Chief Executive Officer at Ordnance Survey Ireland	
<i>Statement:</i>  Ireland notes the report prepared jointly by the Open Geospatial Consortium (OGC), Technical Committee 211 of the International Organization for Standardization (ISO/TC 211) and the International Hydrographic Organization (IHO).  Ireland welcomes the draft Third Edition of the Standards Guide, and notes the request for contributions documenting geospatial standards implementations and user stories to feature in the Standards Guide and its annexes.  Ireland has been a contributor and champion for geospatial standards at a national level and will continue to adopt geospatial standards as part of a set of national geospatial standards, with a particular focus on data governance.
