

Committee of Experts on Global Geospatial Information Management

Eleventh session

New York, 23, 24 and 27 August 2021

Item 6 of the agenda

Global geodetic reference frame (for discussion and decision)

<i>Statement provided by:</i> Philippines	
<i>Statement:</i> <p>The Philippines expresses its appreciation to the Subcommittee for the extensive activities it has undertaken to spread the importance of sustaining the GGRF and its critical contribution to sustainable development.</p> <p>The Philippines moves for the adoption of the position paper on the GGRF and the concept paper on the establishment of the Global Geodetic Center of Excellence. On the planned work activities, the Subcommittee can proceed to work according to identified priorities in the work packages. Also, the Subcommittee and the Regional Committees can ensure the creation of working groups with even geographical representation and a balance between developed and developing nations.</p> <p>The Philippines also takes note of the Subcommittee's intention to convene its third plenary meeting in 2022 when the circumstances permit.</p>
