<i>Statement provided by:</i> Japan	
<i>Statement:</i> Japan believes that the SDG Data Alliance should have been well announced beforehand to the members of the Committee of Experts if the SDG Data Alliance is something to be recorded in the official document of the Committee of Experts. Still, Japan requests further clarification so that Japan is able to support the efforts paid by SDG Data Alliance. Please do not use URL shorteners in the SDGs Geospatial Roadmap. In addition, https://dane.maps.arcgis.com/apps/MapJournal/index.html?appid=545 , which is shortened to cutt.ly/yQoqMz6 , does not seem to work properly, as of August 12, 2021.
