

**Committee of Experts on Global Geospatial
Information Management**

Eleventh session

New York, 23, 24 and 27 August 2021

Item 8 of the agenda

**Integration of geospatial, statistical and other related information
(for discussion and decision)**

<i>Statement provided by:</i> Canada	
<i>Statement:</i> Canada encourages Member States to adopt and implement the Global Statistical Geospatial Framework. Similar to other Member States, Canada has advanced statistical and geospatial integration in response to COVID-19, for example, by developing and deploying a mapping application that enables the development of communication strategies.
