

# Committee of Experts on Global Geospatial Information Management

## Eleventh session

New York, 23, 24 and 27 August 2021

Item 9 of the agenda

### Application of geospatial information related to land administration and management (for discussion and decision)

***Statement provided by:***

European Association of Remote Sensing Companies (EARSC – [www.earsc.org](http://www.earsc.org))

***Statement:***

- [European Association of Remote Sensing Companies](http://www.earsc.org) – EARSC welcomes the report on the Framework for Effective Land Administration. The FELA acts as an overarching policy guide, provides a reference for Member States when developing, renewing, reforming, strengthening, modernizing, or monitoring land administration. EARSC proposes the engagement of the private sector in the evolution of these discussions
- EARSC encourages the expert group to involve the private sector in providing “Best Practises” cases to raise awareness and advocate the value of efficient land administration and management and initiate discussions of PPP in land administration.
