

Fifth Session of the Committee of Experts on UN-GGIM SIDE EVENT

Information Session: Land Administration and Management

Tuesday, August 4, 2015
4:00 pm - 5:45 pm
Venue: Conference Room 2 (CR-2)
United Nations, New York

Objectives

Effective and efficient land administration and management is a global objective. Member States have been experiencing varied levels of success in balancing the people to land relationship, in their attempts to achieve this objective. The Committee of Experts has been asked to add land administration and management to its work programme. This effort needs to consider the activities and achievements of the many international organisations, NGO's, private sector and technical organisations who are addressing similar issues.

The Committee of Experts will need to identify the actions that are possible, and within its ambit, to support, change, and/or solve ongoing land administration and management issues, particularly as they relate to geospatial information management.

Agenda

Moderator: Mr. TEO Chee Hai, Malaysia

The session will consist of questions and answers, comments and interactions by invited panellists and workshop participants guided by the moderator.

1. Opening Statements – Moderator
2. Question and answer session with the panellists
3. Comments and open discussion with the audience
4. Wrap-up and summary remarks - Rapporteur

“This is an open workshop and all Session Attendees are invited”

Panellists

- Jacob Opadeyi, Guyana
- Uzo Okafor, Namibia
- Dorine Burmanje, The Netherlands
- Vanessa Lawrence, United Kingdom
- Filiep Decorte, UN-Habitat

Rapporteur

- Alicia Naimool-Ramdas, Trinidad and Tobago

Expected Outcomes

At the end of the session it is expected that a preliminary list of issues and action items, prioritised in terms of importance and the frame work within which the work should be continued, would be identified for the Committee of Experts to consider.

“This is an open workshop and all Session Attendees are invited”
